

Friends of Richmond Green

WhatsApp group application form

How to apply

Print this form, complete it and email a scan or photo of it to: diana.billingham@gartner.com

Friends of Richmond Green (FoRG) has decided to set up a WhatsApp group to benefit residents living in the immediate vicinity of The Green, The Little Green and surrounding areas (the scope is defined by the map in our Constitution). The primary purpose is to keep residents informed not only of local incidents of anti-social behaviour and crime, but also more generally as a helpful way of keeping residents up to date about other local activities and developments. This will be a closed user group and FoRG will manage the platform. Participants must be over 16 years old.

Data Protection note: to participate we require your mobile phone number. Unfortunately it is not possible to hide your number, so it will be visible to anyone using the group.

Please provide the required information and sign below
